

# SMY04B-SC Oval Inward Opening Manway with self-centering handles

The Saniquip model SMY04B-SC is a hygienic oval inward opening manway suitable for side installation on tanks or vessels below the liquid level. It is of robust heavy duty stainless steel construction with large internal access dimensions and a highly polished surface finish as standard. It is self-centering, with two handles welded onto the cover.

## Features

- Oval inward opening design for side mounting
- Reversible installation. Can be installed with hinge on left or right side
- Large internal access dimensions 511 x 411mm
- 100 x 12mm frame (other heights on request)
- Arm with swivel joint assembly allows the cover to be turned inside the tank and swung back out
- 4 Bar maximum pressure
- Self-centering handles to assist in cover alignment and handling
